I Am From

by Julie

I am from Glen Rock New Jersey always have been always will be

I am from my mom my sister and my grandma

I am from homemade chicken noodle soup and the smell of fresh cookies in the oven

I am from the sound of wind in my ears when I run

I am from family movie nights every night at "7:00"

I am from "be back by 5:00 for dinner"

I am from train tracks in my backyard and the sound of the horn when passing my house

I am from falling off the zipline to getting back on the zipline

I am from memories that are ongoing that I will cherish forever

.
